

Manufacturer low price household energy storage battery solar lithium battery power lithium battery

Our Product Introduction

for more products please visit us on enookbattery.com

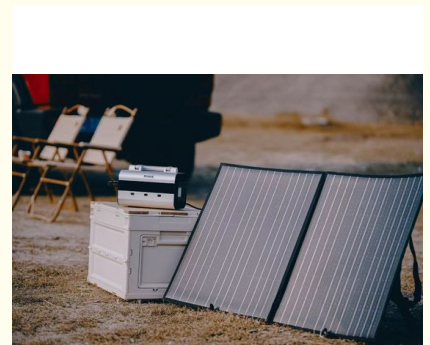

Basic Information

- Place of Origin: china
- Brand Name: enook
- Model Number: Energy Storage Battery

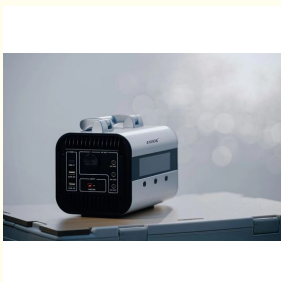

Product Specification

- Battery Type: LiFePO4
- Dimension(L*W*H): 250*140*170mm
- OEM/ODM: Accpted
- Color: Silver
- System Type: Portable
- Multiple Output: AC 110V/220V 300W Output

Product Description

Product Description:

Home Energy Storage Battery

The Home Energy Storage Battery is an innovative and efficient solution for your home energy needs. It is designed with the latest technology and offers a range of features that make it the ideal choice for your energy storage needs.

Product Overview

The Home Energy Storage Battery is a high-performance lithium iron phosphate battery that is designed to provide reliable and long-lasting energy storage for your home. It is a portable system that can be easily installed and used in any location, making it a versatile and convenient option for homeowners.

Battery Type: LiFePO4

The Home Energy Storage Battery is powered by advanced lithium iron phosphate (LiFePO4) technology. This type of battery is known for its high energy density, longer lifespan, and enhanced safety features. With the LiFePO4 battery, you can be assured of a stable and reliable energy storage solution for your home.

System Type: Portable

The Home Energy Storage Battery is designed to be portable, making it easy to install and use in any location. Whether you need it for your home, office, or outdoor activities, this battery can be easily transported and set up without any hassle. Its compact and lightweight design makes it an ideal choice for portable energy storage.

The Home Energy Storage Battery offers a high output power, making it suitable for a wide range of energy needs. Whether you need it for basic household appliances or for more heavy-duty devices, this battery can meet your power requirements and provide a stable and consistent energy supply.

OEM/ODM: Accepted

The Home Energy Storage Battery is open to OEM and ODM services. This means that you can customize the battery according to your specific energy needs and preferences. Our team of experts will work closely with you to design and produce a battery that meets your requirements and exceeds your expectations.

Dimension(L*W*H): 250*140*170mm

The Home Energy Storage Battery has a compact dimension of 250*140*170mm, making it easy to install and fit into any space. This makes it a perfect choice for homes where space is limited. Its small size also makes it easy to transport and store, giving you the flexibility to use it anywhere you need.

Conclusion

The Home Energy Storage Battery is the perfect solution for your home energy needs. With its advanced LiFePO4 technology, portable design, high output power range, and customizable options, it is the most efficient and reliable choice for your energy storage needs. Upgrade your home energy system with the Home Energy Storage Battery and enjoy a stable and sustainable source of power.

300W PORTABLE POWER STATION

ENOOK®

Features:

1. LiFePO4 lithium battery 2000 cycling times, intelligent BMS system, safe and long service life.
2. Multiple output: AC 110V/220V 300W output; 5V USB-A output; 5V, 9V, 12V USB-C output; 12V cigarette lighter output; 12V DC5521 output; 12V 3W LED lighting.
3. 3 charging ways: AC to DC adaptor charging; PV charging; Car charging.
4. Perfect cooling: In-built intelligent cooling fan and side ventilation hole design.
5. LCD display screen, real time monitoring the working state of the product.
6. Applicable to indoor emergency power supply, outdoor camping, fishing etc. scenarios.
7. Aluminum shell, light and compact, designed with movable handle, easy to carry.
8. CE, FCC, UN38.3 + MSDS etc. certificated.

Specification

300W Portable Power Station				
Model		LA300W		
General				
Battery capacity		256WH		
Cell type		LiFePO4		
Dimension(L*W*H)		9.84*5.51*6.69in/250*140*170mm		
Discharge temperature		-4~113°F/-20~45°C		
Working humidity		10~90%		
AC Output				
Rated power		300W		
Waveform		Pure sine wave		
Voltage		110VAC/120VAC		220-240VAC
DC Output				
Cigarette lighter port*1	Voltage		12V	
	Current		5A default; 10A,15A optional	
DC5521*3	Voltage		12VDC	
	Current		5A each, total 10A Max.	
USB-A*2	Voltage		5VDC	
	Current		2.4A	
USB-C*1	Voltage		5V	9V
	Current		3A	2A
LED lamp	Voltage		12V	
	Power		3W	
DC Input(Anderson charging port)				
AC adaptor charging	Voltage		14.6V	
	Current		10A	
PV charging	Voltage		14.6V-25V	
	Power		270W max	

Features:

Product Name: Home Energy Storage Battery
Dimension(L*W*H): 250*140*170mm
Color: Silver
OEM/ODM: Accepted
System Type: Portable
Energy Storage Battery
Lifepo4 battery

Applications:

enook Home Energy Storage Battery

Brand Name: enook
Model Number: Energy Storage Battery
Place of Origin: China
Battery Type: LiFePO4
Color: Silver
System Type: Portable
Dimension(L*W*H): 250*140*170mm

Introduction

The enook Home Energy Storage Battery is a revolutionary product that brings renewable energy storage to your doorstep. This portable energy storage system is designed to store and manage energy generated by solar panels, wind turbines, and other renewable sources. With its advanced technology and high-quality components, it provides a reliable and efficient

solution for your home energy needs.

Key Features

LifePo4 Battery: The enook Home Energy Storage Battery uses LiFePO4 battery technology, which is known for its high energy density, long lifespan, and excellent safety performance. This ensures that the battery can provide reliable and stable power for your home..

Home Energy Storage System: The enook battery is designed to be integrated with your existing home energy system, allowing you to store and use renewable energy efficiently. It can be connected to solar panels, wind turbines, and other renewable sources to store excess energy for later use.

Portable Energy Storage: Unlike traditional home energy storage systems, the enook battery is portable and can be easily moved around your home. This makes it convenient to use in different areas of your house, such as the living room, kitchen, or garage.

Green Energy: By using renewable energy sources and storing it in the enook battery, you can reduce your carbon footprint and contribute to a cleaner and greener environment. This makes it an eco-friendly choice for your home energy needs.

Application

The enook Home Energy Storage Battery is suitable for a wide range of applications, including:

Residential: The enook battery is perfect for households that want to reduce their reliance on the grid and use renewable energy. It can power your home during peak hours when electricity rates are high, reducing your energy bills.

Off-grid Living: If you live in a remote area without access to the grid, the enook battery can be a reliable and sustainable source of energy for your home. It can store energy generated by solar panels or wind turbines, providing you with a continuous power supply.

Emergency Backup: The enook battery is a great backup solution during power outages. It can keep your essential appliances running, such as lights, refrigerators, and medical equipment, ensuring your safety and comfort during emergencies.

Outdoor Activities: With its portable design, the enook battery is perfect for outdoor activities such as camping, hiking, and RV trips. It can power your electronic devices and appliances, allowing you to enjoy nature without worrying about running out of electricity.

Conclusion

The enook Home Energy Storage Battery is a reliable, efficient, and eco-friendly solution for your home energy needs. With its advanced technology and portable design, it offers a convenient and sustainable way to store and use renewable energy.

Upgrade your home energy system today with the enook battery and join the green energy revolution!

Customized Service for enook Home Energy Storage Battery

Brand Name: enook
Model Number: Energy Storage Battery
Place of Origin: China
System Type: Portable
Color: Silver
Dimension(L*W*H): 250*140*170mm
OEM/ODM: Accepted
Key Features:
Lifepo4 battery
Lithium iron phosphate Battery
Long cycle life
High energy density

At enook, we understand that every customer has unique needs and preferences. That's why we offer a wide range of customized services for our Home Energy Storage Battery. Our goal is to provide you with a personalized energy storage solution that fits your specific requirements.

With our Lifepo4 battery and lithium iron phosphate Battery, you can expect a long cycle life and high energy density, ensuring reliable and efficient performance. Our Energy Storage Battery is also designed to be portable, making it easy for you to move and use it wherever you need.

In addition, our Home Energy Storage Battery comes in a sleek silver color and has a dimension of 250*140*170mm, making it a stylish and compact addition to your home. you can choose the right amount of energy storage capacity to suit your needs.

We also offer OEM and ODM services, giving you the flexibility to customize the design and specifications of the Energy Storage Battery to meet your specific requirements. Our team of experts is dedicated to providing you with the best quality products and services, and we are committed to making your experience with our enook brand a positive one.

Choose enook for your Home Energy Storage Battery needs and let us help you power your life with our customized service. Get in touch with us today to learn more about our products and services.

Company Introduction

Company Introduction

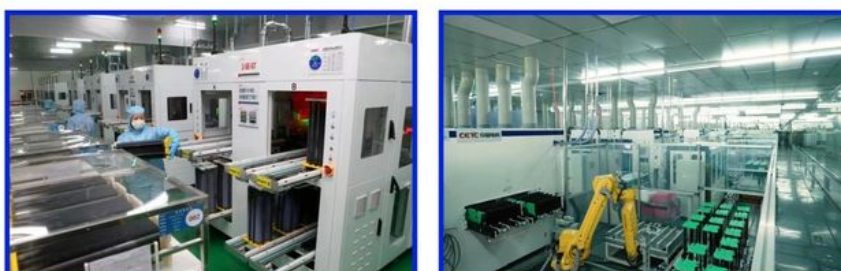

ShenZhen Enook Technology Co., Ltd company is professional manufacturer and supplier of lithium energy solutions, E-bike battery pack, which focus on manufacturing and designing of lithium cells and battery packs

Quality first is our principle, Satisfying all our customers is our tenet, win-win business is our aim. Dedicated to strict quality control and thoughtful customer service, our experienced staff members are always available to discuss each detailed requirements from customer and ensure full customer satisfaction.

In addition, we have obtained certificates. MSDS UN38.3 MSDS, ROHS, UL, etc. All our products keep selling well not only around China, but also in USA, Philippines, Germany, England, Australia, Russia, France and other European and Asia countries

Fast delivery is one of our advantage, selecting a current

products from catalogue, or customized products, 3~5 days is the normal time to prepare for the goods, OEM & ODM orders can be acceptable.

Quality is our life, price is our core competence, please don't hesitate to contact us if you have any requirement, we'll provide our best service to you.

Has passed CE certification and ROHS certification, excellent quality the company has obtained a number of patented technologies.

Packing and Shipping:

Home Energy Storage Battery Packaging and Shipping

Packaging

The Home Energy Storage Battery is carefully packaged to ensure safe delivery and protection during transportation. The packaging materials used are sturdy and durable, providing maximum protection against impacts and rough handling. The battery is packaged in a compact and efficient manner to minimize shipping costs and reduce the environmental impact. Each package includes the following items:

Home Energy Storage Battery unit

User manual

Installation accessories

Warranty card

The package is sealed and labeled with the necessary information, including product name, model number, and shipping address.

Shipping

The Home Energy Storage Battery is shipped through reliable and reputable shipping companies to ensure timely and secure delivery. The shipping method used is based on the customer's location and preferences. We also offer international shipping for our customers around the world.

Before shipping, our team carefully inspects each package to ensure that all items are included and in good condition. The battery is securely packed to prevent any damage or leakage during transit. Once shipped, customers will receive a tracking number to monitor the status of their package.

Our company takes great care in ensuring that our Home Energy Storage Battery reaches our customers in perfect condition. In the rare case of any damage during shipping, we offer a comprehensive warranty and return policy to provide our customers with peace of mind.
